

# Lessons From A Quarantine

## Week two

### Main Idea

Conflict is going to happen. Let's deal with it in a healthy and loving way.

### Starter

We all get into stupid fights. Describe a conflict where you were totally wrong and own it! =)

### Read and apply

#### Acts 13-15

*Paul and Barnabas were friends and loved Jesus – but still had conflict.* Do you tend to have more conflict with those close to you or others? Which is easier to resolve? Why?

#### Ephesians 4

*Ephesians 4 gives us “Four T’s” to handle conflict (Speak Truth, Tenderly, Timely and Tactfully).* How are you doing in these areas? Which one should be on your prayer list?

#### Philippians 2:3-4

Share a time where you let somebody else choose on a decision that was very important to you. Did God help you grow in some way by valuing the “interests of others?”

### This week's homework

Is there someone in your life where you have unresolved conflict? Pray and then reach out. See what God may do.
