MAIN IDEA

If we want to find what is missing in our life, we need to look to Jesus.

STARTER

If you could only choose one power tool to have in your garage, what would it be?

DISCUSS

What is a time in your life when you became aware of your need for God?

READ

Read [John 3:1-16](#) out loud as a group and discuss:

- What does this story show you about what was missing in Nicodemus life?
- How would you have responded to Jesus if you were Nicodemus?
- What is an area of your life you struggle to give up control to Jesus?

Have everyone take a few minutes to read John 3:1-16 on their own and reflect on two questions.

- What does this story show you about what Jesus wants for your life?
- What is one way you could look more to Jesus to meet your needs rather than trying to fix your problems yourself?

APPLY

Have everyone share in 1 minute or less what God put on your heart as you read John 3 on your own. Spend time praying for each other to live by God's power and to experience the joy of "looking to Jesus" to meet your needs.
