

## Daniel- Part 4

### Main Idea

If you want to thrive in your faith, you need to share the Gospel with compassion and courage.

### Starter

What is bringing you the most joy in your life right now?

### Discuss

When was the last time you had the chance to share your faith with someone? What happened and how did it go?

### Scripture

Take turns reading [Daniel 4](#) as a group.

- What encourages or challenges you most from this passage?
- What do you learn from Daniel's example of sharing his faith?
- When it comes to sharing your faith in Jesus, what is your biggest fear or challenge?
- Who is someone in your life that seems opposed to the Gospel? What would it look like for you to influence them toward Jesus?

*Make sure to encourage your group that God never gives up on people in your life. It is our job to be faithful to pray and share the gospel of Jesus with courage and compassion. It is God's job to change hearts.*

### Apply

Before you close your group, give everyone a quiet moment to pray and reflect about the following questions:

1. What's a step you could take toward sharing the hope of Jesus with someone in your life?
2. What's one way we can pray for you and/or your family?

Before you pray, give everyone a minute to share what God put on their heart and then spend time praying together as the Holy Spirit leads. Depending on the size of your group, you may want to break into groups of 2-3 to pray for each other more personally.
