

## Start to Finish 3

### Main Idea

To finish well in our families, we need to honor our parents and love each other through the difficulties of life.

### Starter

What did you enjoy most about Thanksgiving this year?

### Discuss

What are you most grateful for about your relationship with Jesus this year?

### Scripture

Read [Ephesians 6:1-4](#) and discuss:

- What is most challenging to you about the command to honor your parents?
- What does it look like for you to honor your parents in this season of your life?

Take turns reading [Psalm 90](#) as a group. Have everyone read 2 verses and then discuss.

- What is a verse or phrase that particularly stuck out to you as we read this passage? Why?
- As you've gotten older, what is a way you have grown in your appreciation of the Gospel?
- How is the following prayer significant to you "Teach us to realize the brevity of life so that we may gain a heart of wisdom."

### Apply

This week, spend some extra time praying for the needs in each other's families. Break up into groups of 2-3 and pray about the following questions.

- How can we pray for your family?
- How can we pray for you to love your family more like Jesus?
